AmeTrade is a global company specialized in providing technical and logistics solutions, dedicated to satisfying our customer's industrial needs through prompt, customized, and technically well-rounded solutions with the best cost vs. benefit ratio in the market.

Our company offers a business model that includes the widest variety of machinery, industrial equipment and parts, backed up by internationally recognized name brands.

AmeTrade was founded in 1995 and since then has become the trusted provider of many major companies worldwide.

Our Headquarters in the United States and its various international offices handle clients requests in all continents, through highly qualified associates in the engineering, sales and applications fields, specializing in providing alternatives that range from scheduled purchasing to industrial emergencies.

We invite you to place your trust in AmeTrade. Our service will become your satisfaction-guaranteed.

Strategically located in Miami, just 5 minutes from Miami International Airport with daily flights to major cities in Latin America. AmeTrade has a large warehouse of almost 15,000 square feet (1,400 square meters) capacity.

Adaptability to our customer needs

At AmeTrade we adapt to the particular needs of each client. We have the flexibility to resolve each and every requirement in a personalized manner, designing various solutions to offer our customers with the best cost vs. benefit ratio.

1 Are you dissatisfied with your current suppliers?

2 Are YOU the one who has to adapt to your suppliers terms and conditions... and are offered enough options that will allow you to choose between different alternatives to meet your needs?

Versatility

We work directly with many manufacturers worldwide, which allows us to offer a variety of products and alternatives at competitive prices, regardless of volume, size or complexity.

Technical Support

We are able to provide accurate technical support, assisting in selecting the correct solutions and follow-up support, backed up by worldwide manufacturers.

3 Do your suppliers have local reps in order to assist end users with their technical support needs?

4 Had trouble finding out of stock, discontinued or not locally sold parts?

Discontinued Parts

At AmeTrade we have ample experience in locating obsolete or discontinued parts, and identifying it's characteristics to offer direct replacements or alternatives.

5 Do your suppliers understand the high cost of emergencies and what it means when your machine is down for more than an hour?

Volume of Sales

The volume of sales at AmeTrade allows us extensive negotiating leverage with manufacturers. This converts into a significant reduction of the product cost and logistics service, regardless of the required quantity.

6 Do you have an unresolved or pending request on your desk?

Logistics Experience

At AmeTrade we have developed logistics expertise and strategic partnerships with renowned transport companies and customs officers at a national and international level, enabling us to offer preferred rates and alternatives to meet our customer's needs.

Industrial Emergency Management

We offer immediate response with several shipping options to resolve industrial emergencies, providing the best price vs. delivery time ratio.

OUR MARKET

AmeTrade adapts to the industry's needs, offering an integral supply of parts required, no matter the brand or origin.
